## **Nationalist** Withdrawal **Now Hinted**

Chinese Nationalists appear more and more likely to pull a sizable number of their troops out of

WASHINGTON C.H. RECORD-HERALD

Washington C. H., Ohio, Wednesday, October 15, 1958

Competent sources in Taipei said Nationalist leaders were resigned to accepting the U.S. proposal that new weapons with greater firepower replace some of the manpower of the offshore island's garrison.

Some sources said as many as half the 100,000 to 120,000 troops in the offshore areas might be pulled back to Formosa.

The American idea is to cut the threat of Nationalist invasion of the mainland as a bargaining point in talks with the Communists, but to leave the island garrisons strong enough to repel a Red landing.

The Americans hope by this to attain a permanent cease-fire in the Formosa Strait.

In Manila, U.S. Defense Secretary Neil McElroy said he thinks there will be a modernization of that Chiang Kai-shek's government will consider reducing the offshore garrisons. McElroy, on a round-the-world tour of U.S. installations, conferred earlier this week with Chiang.

## COMING FRIDAY

Ford brings Thunderbird elegance to the low-price field with

AWARDED THE GOLD MEDAL for beautiful proportions-by the Comité Français de l'Elégance

The new Fords for 1959 have a casual kind of elegance-the fresh crispness of design that distinguishes the Thunderbird. They are beautifully different from all other cars-and from all other Fords. This new beauty was recognized at the Brussels World's Fair. The 59 Fords, on preview, received the Gold Medal of the Comité Français

de l'Elégance for beautiful proportions! They have a straight-through appearance . . . a clean-cut look that is very open and airy. The entire glass area has been designed to give you the modern picture-window feeling of indoor-outdoor living. The new thin-line roof is actually a sensational engineering

achievement-to give you even greater safety. Yet it has a gracefulness that will make riding in any other car seem "old hat."

And this easy elegance is traceable to the sporting heritage of the beautiful Ford Thunderbird. These Fords are altogether new.

But the most beautiful difference of all is money in your pocket. The 59 Fords are the stand-out buy in the low-price field. They are superbly designed to give you all the supreme beauty, comfort, power and performance that only Ford's creative engineering can bring you. And Friday you'll be able to get that New Ford Feeling in the World's Most Beautifully Proportioned Cars!

High School became one of the first schools in the state to hold "mock elections" a few days in advance of regular elections.

Sample ballots were purchased by the school from the printer and one man on the high school staff each election year, has been assigned to make plans for carrying out the voting in true adult style.

The "mock elections" here attracted a great deal of interest, not only in the school but among the public generally.

In fact, Secretary of State Ted W. Brown with some of his staff began making trips to Washington C. H. to watch the proceedings.

Brown recommended school elections of this kind and has done so again this year. Within the past few days he has commended Ohio high school and junior high school administrators and other teachers of history, civics or govern-

A number of years ago Washington ment classes for their activities along

Since the move over the state has taken on wider interest, Brown has recommended that county boards of election cooperate with the schools in any way possible. Already many schools, Brown reports, have asked boards of election for assistance, even to the extent of asking for sample ballots and copies of the Precinct Officials' Guide, a pamphlet furnished for instruction of persons serving as precinct election officials.

This is becoming a practical method of interesting students in government. The schools which are following this plan are to be congratulated.

The students of today will be the voters of tomorrow. Some will become public officials, and others will be recruited as well - informed election officials. Much of this preparedness will be the result of school interest today in how elections are

Sample ballots were purchased by the school from the printer and one man on the high school staff each election year, has been assigned to make plans for carrying out the voting in true adult style.

The "mock elections" here attracted a great deal of interest, not only in the school but among the public generally.

In fact, Secretary of State Ted W. Brown with some of his staff began making trips to Washington C. H. to watch the proceedings.

Brown recommended school elections of this kind and has done so again this year. Within the past few days he has commended Ohio high school and junior high school administrators and other teachers of history, civics or government classes for their activities along

The raising of this old political specter apparently is a deliberate | saying: GOP strategy born of acute shortage of campaign contributions.

Hardening of the financial arteries is not restricted to the Republican party alone. The Democrats also are finding their supporters slow with a buck this year.

But there is a basic difference between the two parties in the way they parcel out their campaign money in congressional elections. The Republicans have more central control, in Washington, while the Democrats depend on local contributions raked up by the individual candidates.

### Date Not Yet Set By Court for Coil

No date has been set for Dale Coil, 18, Route 5, to appear in Municipal Court to face the five charges filed against him. Coil, who was released from Me-

morial Hospital last Friday, has been notified he will face citations for running two stop signs, resisting arrest, driving without his lights and reckless operations for running from a police cruiser early

Officers said they followed Coil for 10 minutes while driving through several alleys before his car crashed into the fence at the junction of Elm St. and the Green-

#### BLACKBIRDS BUSY

Those blackbirds we see in such large flocks this time of the year, seem to have a well defined mission in addition to causing annoy city and elsewhere, and making themselves obnoxious generally

Recently, along the CCC highway near Madison Mills, I saw several thousands of the blackbirds in a pasture field, and they were all busily engaged in feeding on something.

By the way some of them were pecking in the grass I surmised that their food was worms or other insects which were in turn feeding on the grass, probably its roots.

I have heard instances where blackbirds have destroyed worms which were preying on lawns and meadows, and I feel certain that this flock was really helping the farmer by devouring the countless insects they found in that particu-

large flocks this time of the year, seem to have a well defined mission in addition to causing annoyance by roosting in trees within the city and elsewhere, and making themselves obnoxious generally.

Recently, along the CCC highway near Madison Mills, I saw several thousands of the blackbirds in a pasture field, and they were all busily engaged in feeding on something.

By the way some of them were pecking in the grass I surmised that their food was worms or other insects which were in turn feeding on the grass, probably its roots.

I have heard instances where blackbirds have destroyed worms which were preying on lawns and meadows, and I feel certain that this flock was really helping the farmer by devouring the countless insects they found in that particu-

The Negev is now a scorched, barren wasteland, but Dr. Nelson Glueck said Monday it once apparently flourished with farmland, wilderness and fortresses that go as far back as the fourth millenium BC. He said:

"I think it is bound to be inhabited again. It represents one half of the total territory of the state of Israel.

"But it will require more water than the ancients used. People today take baths.'

Dr. Glueck is president of the Hebrew Union College-Jewish Institute of Religion, which has campuses here and in New York and a new one in Israel.

Most famed for discovery of King Solomon's copper mines, Dr. Glueck for the past seven years has organized summer archaeology expeditions for a methodical search of the area south of Beersheba to the Gulf of Aquabah. The expeditions have uncovered 450 building sites, ranging from

Army Given Easy Nod; Iowa Pegged Winner Over Wisconsin Outfit

By HAROLD CLAASSEN

Associated Press Sports Writer NEW YORK (AP)-Last week's predictions (21 wrong ones in 55 stabs) can bring a chesty forecaster back to earth faster than a burned-out moon rocket.

Using a new motor and a different type fuel, here are this

Army over Virginia: The Cadets now rate as the country's best.

Auburn over Georgia Tech: The Cleveland is very encouraging. Plainsmen, who haven't yielded a 1956, will have a busy afternoon must be pretty fair. We'll be but their defense should pull them changing our defensive setup

Duncan's passing to be the decisive factor in this battle of Big Ten title claimants.

Navy over Tulane: It is the Oyster Bowl game at Norfolk, Va., with the Southerners finding Navy's shell too tough to crack. Texas over Arkansas: The Razorbacks have scored only three

times in four games and Texas did beat Oklahoma. Mississippi over Hardin Simmons: This could be more rugged

than it sounds. Notre Dame over Duke: Nick Pietrosante and Wray Carlton to share the individual honors.

Oregon over Washington State: Another game in which the defense will tell.

## **Christmas Shopping** Hours Set for Stores

Christmas shopping hours were approved by representatives from stores who attended a meeting of the Retail Merchants Committee of the Chamber of Commerce Wednesday morning.

Jack Daves, chairman, said the stores decided to stay open' er Thanksgiving. Starting Thursday, Dec. 18, the store will stay open every week day from m. to 9 p. m. until Christmas Eve, when they will close at 6 p. m., Daves said.

Every Thursday afternoon during December until Christmas the stores will be open.

Ways of publicizing the stores hours was also discussed.
